LaCie Data Watch

Stylish 128MB flash memory watch

FILES ON THE GO
Transport your files between home and work and never lose a USB key again. The LaCie Data Watch features stylish, black wristband and allows for true portability, so you can move freely and take your data with you wherever you go.

CROSS-PLATFORM
Compatible with Mac and Windows operating systems, this watch is easily connected to Mac or PC computers. The LaCie Data Watch's widely-compatible USB interface allows for simple setup, plug and play convenience and hot-swappable capabilities for quick and easy exchange of up to 128MB of data.

FAST STORAGE
Convenient USB 2.0 interface delivers fast transfer rates of up to 7.39MB/s (writing) and up to 7.68MB/s (reading) — seven times faster than USB 1.1. The LaCie Data Watch can also be connected to earlier-generation USB 1.1 devices. No need for an AC adapter — simply use the power supplied by the USB bus for complete mobility.

EASY DATA SHARING
The LaCie Data Watch allows you to easily transfer your audio files, presentations, spreadsheets or documents. Removable and compact, this fashionable watch is easy to use for universal, cost-effective data exchange and cross-platform data shuttle.
